

Every patient is unique.

Your treatment should be, too.

We are here to help you and your care team find therapies that are tailored to you.

At Tempus we know that every patient is different, and we believe that your treatment should be specific to you. We are here to help you and your care team find therapies that are tailored to you. Our broad panel genomic tests are based on next generation sequencing (NGS) technology that allows us to identify genomic alterations within your tumor. Information on the unique genomic profile of your tumor can help your physician select a course of treatment for you.

We understand that times of uncertainty can be scary, challenging, and overwhelming. We have collaborated with thousands of physicians across the United States, performed testing for millions of patients, and now we're here for you with our extensive testing options and passionate team of employees. Tempus is committed to supporting you through every step of the process.

WHAT TO EXPECT

- 1 Your physician will order testing to create a personalized treatment plan for you.
- 2 A blood or saliva sample collection will take place either at your doctor's office or in the comfort of your own home (if you are not able to come into the clinic).
- 3 Once Tempus receives your order form, we will do all the work to obtain your tissue sample from the hospital.
- 4 Your doctor will contact you to review the genomic testing results once the report has been received.
- 5 If you believe there to be an error, and your doctor has not ordered a Tempus Test, please contact us at 800.739.4137.

Testing should
be affordable.

Let us help.

Tempus wants to make the payment process as easy as possible for our patients, so we manage the entire process for billing insurance and reimbursement.

Our Financial Assistance Program helps provide access to our tests for all patients in financial need. Approval of the financial assistance application is based on your household income and takes into account all life circumstances. Once a financial assistance application is submitted either online or over the phone, you will receive a decision at the time of submission. All U.S.-based patients are eligible to apply for financial assistance regardless of insurance status

If an application is submitted via fax or mail and you provide your email, you will receive a decision by email within seven business days of receipt. Please note, we are unable to accept an incomplete application.

Through our program, most applicants who qualify for financial assistance pay between \$0–\$100. In the event that you don't qualify, please contact us at 800.739.4137 to discuss your options. You may apply for financial assistance at any point during the process, even after testing has been completed.

BILLING STEP-BY-STEP

- 01** When your physician orders Tempus testing, insurance information is submitted along with the request for testing.
- 02** You can apply for financial assistance online at access.tempus.com or call the Client Services team at 800.739.4137 for immediate review. If approved, you will know immediately about the maximum out of pocket cost of your testing. We recommend completing the application at the time of order, but you may apply for financial assistance at any point during the process.

- 03** Tempus will bill your insurance directly. We accept all insurance plans including Medicare and Medicaid. You may receive an Explanation of Benefits (EOB) from your insurance company. This is not a bill; it shows the specific Tempus test that was billed and what insurance covered.
- 04** Tempus does not bill you for the difference between our billed amount to your insurance provider and your insurance provider's allowed amount. If your insurance assigns patient responsibility, such as copays, coinsurance, or deductibles for covered services, you can apply for financial assistance at access.tempus.com.

Insurance

Tempus is committed to providing access for all patients, regardless of insurance coverage, and for those who choose to pay for services directly.

Insured Patients

Tempus accepts all insurance plans and at this time is in-network with Aetna, Priority Health, BCBS MN, and many other insurance plans. Please contact your insurance provider for more information.

Uninsured Patients

For uninsured and international patients, we offer a self-pay option. U.S.-based uninsured patients can also apply for financial assistance to see if they are eligible. Please contact our Customer Success Team at 800.739.4137 if you have questions about the self-pay billing process.
